As regards item (1), it is noted that the question of the grant of tuition & hospl fees (£ 74-10-0) has already been considered in detail in med 1287/27 fls 9-15 and the Sen Surgn informed that nothing more could be granted to Mr Ponnambalam.

Please see member's note of 3.11.28 in that colln. He raises the same question again, without reference to this office letter of 7.12.28.

Mr. Ponnambalam's requests are the following:-

(1) Extension of the period of scholarship by six weeks to enable him to go to Vienna for further specialization in opthalmology. The cost of this extension according to the calculation made in his letter is:-

(a) 6 weeks' stay (with the cost of the course of studies) £ 50
(b) Travelling expenses (computed by the S.S.). 10
(c) Family maintenance Rs 75/-
Total £ 60 + Rs 75.

(The extension of the D.D. scholarship does not seem to arise as

the sum of £50 ~~doe~~ includes the cost of stay).

The S.S. says that the services of Mr. Ponnambalam are urgently req^d for the Medl College, the specialization proposed is not req: and that he may be asked to return at the end of the present extended period in July next. This is for orders.

(2) The next request is about the grant of about £75 to cover the cost of tuition fee, & examination fee etc for the D.O.M.S.

This question had come up once before and the request was negatived. (vide Fl. 0).

(3) The third request is for the grant of a loan of £60. (This has evidently ref^ce to the refusal of the £75 asked by him, which he does not specifically refer to).

As he appears to be in difficulties in regard to the payment of the requisite fees before he can sit up for Part II of the D.O.M.S. degree, the question of cabling him that amount as a loan, may perhaps be favorably considered.

SIR,

C 784/27

In continuation of my letter No. 784-25, dated the 19th February 1929, I have the honour to forward herewith copy of application from Mr. A. M. Ponnambalam, received from the Secretary to the High Commissioner for India, London, praying for permission to study in Vienna and for the grant of £250/- in respect of his stay there.

I may note that Mr. Ponnambalam was sent primarily with the intention of specialising in Pharmacology. Immediately on his return from England his services will be utilised as Assistant Physician in the Victoria Hospital and Professor of Pharmacology in the Medical College. After the shifting of the Medical College to Mysore Mr. Ponnambalam will continue in the same capacity but will be attached to the Krishnarajendra Hospital, instead.

In view of these facts, it does not appear to me to be necessary for Mr. Ponnambalam to go to Vienna for further specialisation in Opthalmology. His training in this subject was only incidental and secondary and had no integral connection whatsoever with the original purpose of his depuation to England. He should therefore return, directly he completes the course on hand, without prolonging his stay on the continent even after July next. He will be required for the Medical College for teaching Pharmacology as soon as the academical year opens.

I have the honour to be,
Sir,
Your most obedient servant,

S. Subba Rao

Offg. Senior Surgeon.

12/4/29

Letter dated 14th March 1929 from Mr. A.M. Ponnambalam, Assistant Surgeon, now in England, to the Senior Surgeon in Mysore.

With reference to letter No. G. 8920 Med.128-27-17, dated 25th January 1929, from the General Secretary to the Senior Surgeon stating that his recommendation for the sanction of 55 Guineas instead of £55 cannot be approved, it is not clear whether £55/- is sanctioned for the whole recommendation is disapproved. If the latter I beg to state, that it was absolutely necessary for me to do the M.R.C.P. to be able to participate in teaching in the Medical College and as such I am entitled to at least the examination fees incurred by me (55 guineas). If I were to personally explain the circumstances under which I have had to take this examination, the Government will see the reason--ableness of my request and readily sanction this small amount. I beg to request you to make proper representations to Government, pointing out the necessity for my doing the M.R.C.P. and to secure me the amount that I have had to pay as Examination fees.

Further, I beg to state that Government were plased to grant me six months' extension to do the D.O.M.S. but as the scholarship amount of £150/- is insufficient to ~~make~~ meet the tutition and examination fees and cost of books etc., which alone come up to about £75/- and as after paying this amount, very little is left to meet the boarding, lodging and other expenses, I request that suitable recommendations may be made to grant me the tuition and Examination fees for the D.O.M.S. Though I have already been informed that the rules of the Damodar Das Scholarship do not permit of the grant of tuition and other fees, in view of the above facts I request you to secure me the tuitition and examination fees to enable me to complete my studies. Otherwise I will be stranded here and will be unable to pay up the fees in time.

I may humbly point out that in spite of my several representations I have been treated no better than any fresh and raw graduate receiving a Damodar Das scholarship.

I have just passed part I of the D.O.N.S. Examination and as have to pay all the fees due before I take up part II of the examina-

examination in July, I request you to obtain an early sanction or the amount so as to enable me to finish my work.

Meanwhile as I require money urgently to pay up the tuition and hospital fees etc., may I request you to recommend to Government to cable me £60/- as a loan or in any other way to meet the urgent demands.
